
The Highlander

1951

DUNDEE CENTRAL SCHOOL

FOREWORD

The class of '51 presents the Highlander which depicts our life at D.C.S. --our activities, our studies, our sports--from the time we entered that revered institution.

We are grateful to be able to say that we are the first class to complete its studies in Dundee Central School since its opening in 1939.

Many of the friendships formed here will continue throughout our lives.

In the years to come we shall recognize that our days at D.C.S. were indeed "thirteen (including kindergarten) happy years of priceless worth".

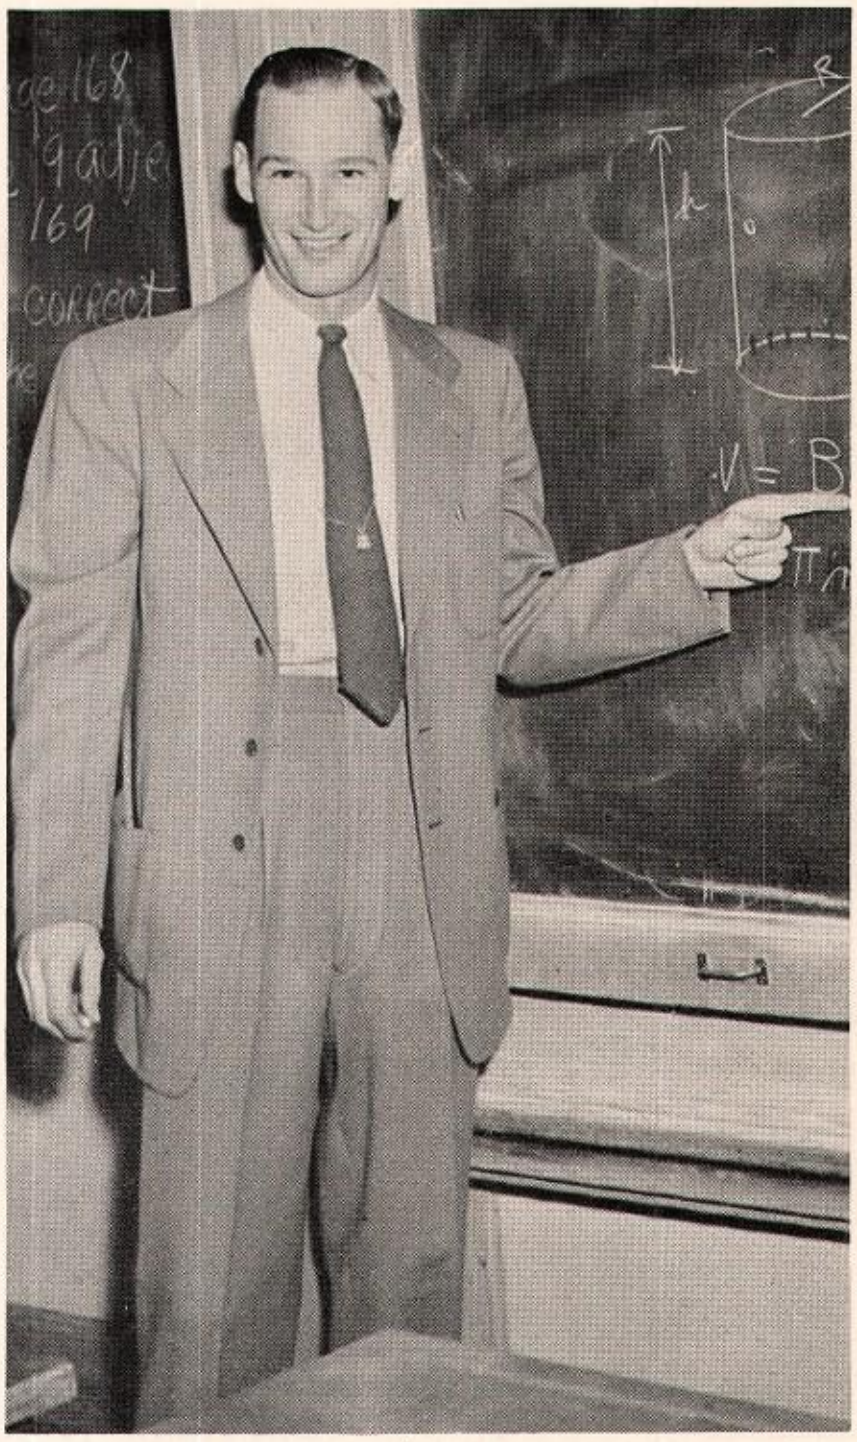
DEDICATION



TO MR. STANLEY G. KULLMAN

The Class of '51 of the Dundee Central School wishes to dedicate the yearbook, "The Highlander" to Mr. Stanley G. Kullman.

Mr. Kullman, a former teacher in Dundee was our advisor for three and one-half years during which he took many steps to insure sufficient funds for our senior trip.

A graduate of Albany State Teachers' College in 1940, his first teaching position was at Voorheesville, New York where he taught mathematics and science for two years. The acceptance of a similar position then took him to Hartford, New York.

While in the United States Navy, where he was drafted in 1944 Mr. Kullman developed an interest in electronics which is now his hobby.

In 1946 Mr. Kullman became a teacher in our alma mater where he taught junior high mathematics and science for two years and senior high until January, 1950 when he became a member of the Education Department supervising the teaching of mathematics and science in the seventh and eighth grades of the Cortland College Elementary School.

In June 1941 Mr. Kullman married Miss Lucille Faville of Bergen, New York and they are the proud parents of two fine boys.

We are happy to announce that Mr. and Mrs. Kullman will accompany us on our senior trip to Washington, D. C.

Thank you Mr. Kullman for your untiring interest in our behalf.

HIGHLANDER STAFF

Row 1--C. Stanton, C. Stanton, G. Pratt.
Row 2--Mr. Witter, L. Thompson, S. Dibble, M. Strowbridge, J. Curren.
Row 3--J. Kellogg, W. Giles, A. Styrcula, L. Klug, S. Mac Dowell, A. Chadwick.

We, the staff of the Highlander, have endeavored to carry out the tradition of the Dundee Central School by bringing you a yearbook which we hope will receive your approval and meet the standards set during years past. Only through many hours of hard work has this book been made possible for you.

As associate editor I wish to thank the staff of the Highlander , and our counselor, Mr. Witter, for their work on the Highlander.

The business affairs were conducted by our able business manager, Charlene Stanton, with Leonard Klug acting as her associate. All articles have been typed by chief typist, Janet Kellogg, and her assistants. **Jane Kleckler** acted as circulation manager and supervised homeroom salesmen in the sale of the "Highlanders."

We extend our thanks to Wanda Giles, our art editor, and Joan Strowbridge, associate art editor, for the fine work they have done in designing and putting our yearbook together. Special thanks goes to Charlotte Stanton, our Editor-in-Chief, who supervised and worked on all phases of the yearbook publication.

It has been both an honor and a pleasure to have served you in our various capacities and sincerely hope that you will find entertainment and appreciation in our efforts.

Our school days now are over,
So soon we must depart,
Leaving here behind us
The thoughts with in our hearts.

It's hard to leave our friends,
And journey on alone,
But we shall all remember
The ones we leave at home.

The times we've had in school,
The work as well as play,
Will stay with us forever,
To encourage us each day.

Our teachers we now thank
For helping us get through,
Preparing us for life
In what ever we may do.

HISTORY

The class of 1951 first organized in the year 1946 when we were in the seventh grade. Our initial efforts to raise money for our class were started. We payed dues and thought we were really important having a class bank account. In the eighth grade we had dues and helped sponser the tap dance review which helped our treasure grow.

We started off our freshman year with a bang electing Charlotte Stanton as our class president. Mr. Kullman was our class advisor. Although the "big" seniors sometimes referred to us as "kids" we felt very important being one of the "Big Four". In June we had our "wet" freshman picnic at the Dundee Fair grounds. Our bank account was still growing and we had already started to think about our senior trip.

During our sophmore year we had to act a little more "serious" since now we were only three years away from that "big day". We all studied harder. (Or did we?) Thomas Davis was elected class president. We couldn't get rid of him as class president for the remaining years in school either. What a personality! We sold school supplies and all occasion cards to help our treasure. We had a sophmore hayride and later on our sophmore picnic at Watkins Glen. It still is a mystery where Mr. Algers put all those hotdogs he ate.

In our junior year we still attained the feeling of wanting to make money. With Thomas Davis as president of our class, we really went out to raise money for our senior trip. About two months after our junior year began, we were walking around showing off our class rings. Boy were we proud! Our project of selling school supplies was taken up. The junior play "Home Was Never Like This" was a big success. Mr. Nesbitt was a wonderful director. The prom was held in May and Barbara Woodard was the lucky girl to wear the title of "May Queen" that night.

The big Junior-Senior picnic was held at Roseland Park. Was it Gordon Pratt that liked to go through the "dark spook house" so well with someone of the opposite sex? At the close of our junior year we had a nice start on our trip, financially.

At last we are seniors. Again Thomas Davis was elected president The class had forty-four members. For raising money we sold magazine subscriptions and are selling candy during the noon hour and at basketball games. Our senior play went off wonderfully. I don't think our history class will ever hear the last of how we looked imitating children from the ages of eight to eighteen in our play production "Cheaper By The Dozen". Mr. Wallace does give the most pleasant comments, or does he? In the future we are expected to hold our Senior Ball. We also await our class trip, the Junior-Senior picnic and finally, graduation day.

We, the class of 1951, wish to express our thanks to our advisor Mr. Witter who had helped us reach our goal of achievement. Also we wish to thank our teachers and our principal, Mr. Depew, for their kindness and patience with us.

JUNIORS

Row 1--J. Willis, J. Symonds, D. Woodard, T. Dlugosh, L. Klug, S. MacDowell, N. Lyle, S. Diven, A. Chadwick.
Row 2--E. Moore, W. Marshall, J. Peck, C. Hess, J. Hays, J. Perna,L. Craig,B. Tuttle, M. Sample, A. Miller, B. Phillips, Mrs. Utter.
Row 3--M. Harris, L. Hunt, L. Harris, M. Hubert, M. Lamphear G. Borden, R. Howell, K. Hubble, A. Styrcula.

We, the class of 1952, are small in numbers especially as we have lost four members from our class since the opening of school last September.

This has been a fairly successful year financially. Our most important activity towards raising money is the selling of school supplies. Before Christmas we conducted a lively business in the sale of Christmas cards.

So far this year our social events have not been on the basis of money getting affairs. In October we shivered through a hay ride--but then everyone says it was worth it. Our Christmas party went off splendidly with even Santa Claus being proud of us.

The next big affair on our agenda will be our Junior play in March, which we surely hope will be a success. And what Junior does not look forward to the Junior prom which will be held in May?

ACTIVITIES

Activities. Yes, school couldn't go on without activities. The members of the Freshmen, Sophomore, Juniors and Seniors make an active pair.

First, we will start out with the young and active Freshmen. Early this fall they started out with a hayride. The weather was a little rainy but they continued to have a good time. There are more Freshmen than previous years, so they are divided into three sections. Their advisors are Miss Herrington, Mr. Daulton, and Mr. Wallace.

Next we will talk about the boisterous, but sweet Sophomores. If you can hear a group of noisy students, it is the Sophomores having a class meeting. The hayride which has proven to be very popular in our school was also enjoyed by the Sophomores early this fall. They also have an assembly coming up soon. Mr. Host is their advisor. The Sophomores have a good start and we hope they continue to be successful.

Now we will give special mention to our rivals "The Juniors". We really have enjoyed having them as our rivals, Everyone else was having a hayride so why couldn't the Juniors? From what we hear, they didn't have any trouble enjoying themselves. The Juniors have just received their rings which they are proudly flashing around. Mrs. Utter is their faculty advisor. One of their biggest projects was the selling of all occasion cards, which added to their bank account They also have inherited the School Supply Center from the Seniors and are doing very well.

They have yet to present their Junior Play which will occur in March and the annual Junior Prom in May. We hope they will be success -ful and also have fun in their activities.

And last but not least comes the faithful Seniors. What fun we have had in our four years of high school.

Thus far this year we have sold magazines and have the candy sales project. The Seniors really got out and sold those magazines. They proved very successful.

The Seniors started a new fad this year. The class all ordered white sweaters with the maroon emblem on them. Everyone wore them for the first time to an asembly and we received recognition.

The Senior Play "Cheaper By the Dozen" went off very well. The cast all played their parts very well. John Cadwell and Janie Kleckler played the part of the father and mother. The boys and girls really were a howl in their short pants and skirts. Much thanks goes to Mrs. Utter for her most wonderful co-operation in directing our play.

We were very unfortunate in losing Mr. Kullman in our Junior year as our advisor. He had been our advisor since our Freshman year. Mr. Witter became our new advisor and continued to be our Senior advisor .

The class of 51 wishes to thank Mr. Kullman and Mr. Witter for being such wonderful advisors.

Much thanks goes to anyone else that has helped us in any way.

The best of luck to our fellow class mates!

Dorothy Styrcula

CLASS WILL

We, the Senior Class, of Dundee Central School of the town of Starkey, in the county of Yates and the state of New York, being of sound mind and memory do make, publish, and declare this our last will and statement in the following manner, that is to say

To the faculty the class of 1951 leaves quiet halls and room to park their cars in the court.

The Future Homakers of America is the national organization for pupils studying homemaking in junior or senior high schools. Some of the purposes of this organization are to promote a growing appreciation of the joys and satisfactions of homemaking, to further interest in home economics and to work for good home and family life for all.

The Dundee Chapter of Future Farmers of America composed of students enrolled in the Voc. Agricultural Department has as its main objective the development of active and agressive rural leadership. Members of the organization have this year attended county group meetings, put on a radio program and sponsored a basketball team. They plan to hold a Father-Son banquet and to enter a softball team in the county league later this year.

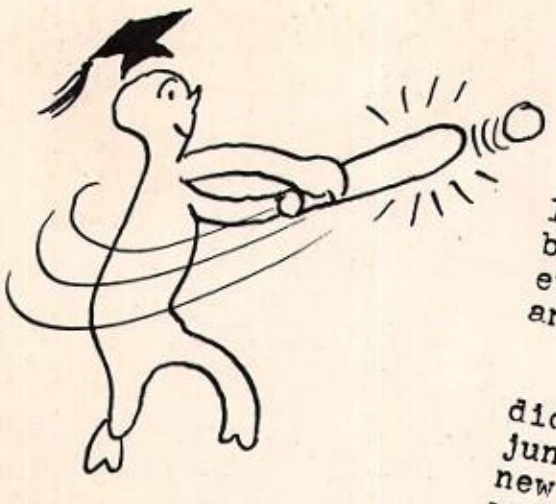
ORCHESTRA



GIRLS SPORTS

One of the leading interests of our school life has been sports. The Senior girls have always been very active and have participated in these events throughout our years in both grade school and high school.

As freshmen, our class, as any freshmen class did not do too well. Who could with the sophomores juniors, and seniors taking advantage of our being new at the game. We didn't lose hope though, for we were much better during our sophomore year.

With a year's experience we showed much improvement in our sophomore year. In the interclass basketball tournament we placed second. We felt good, having beaten those senior girls who had so long kept the title of "champs". It was during our sophomore year that we were included in the playdays. Dundee won at the basketball and volleyball playdays and Odessa won the track playday in which we participated.

In our Junior year we played intramurals instead of interclass in our sports. Basketball, softball, volleyball, and soccer tournaments were played. We also had a basketball, a volleyball, and a track playday. Dundee won the basketball, with Odessa victorious at the track playday.

So far this year we have had four playdays in all-one volleyball and three basketball. At each of these we have competed with the girl's teams from Romulus, Ovid, Trumansburg, Interlaken, and Odessa. We are proud to say that we were the champions of all four playdays, thanks to the training by our gym teacher, Mrs. Garvey.

Plans for the basketball and ping-pong tournaments are well under way and we expect to start them very soon.

The Senior girls want to express admiration for the spirit of the freshmen, sophomore, and junior girls; you all have good teams and it has been wonderful playing with you. We wish you all success in the forthcoming playdays and tournaments.

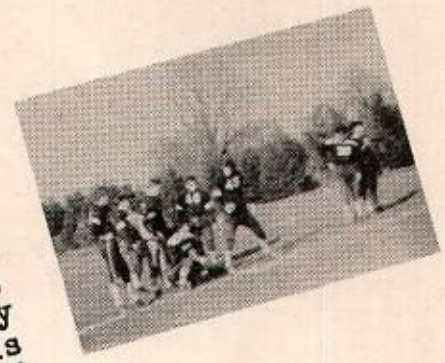
BOYS SPORTS

Interscholastic sports got under way at Dundee Central with football. The injury jinx hampered Dundee all year and they were able to win but one game out of five. "Bunk" Griswold might have scored more touchdowns but he would be running down the field in the clear when he would see a cheerleader doing a cheer and he would trip and fall. Opposing teams always seemed to have cheerleaders cheering when "Bunk" had the ball. "Polock" Karlnoski played football as he drives truck, he was always running out of gas.



The Dundee basketball team, which is still going strong (as this is written) is not having a very successful year. The team was very fortunate in having one of the nations top stars, so he says, Jim Symonds. "Big Sy" contends that Dundee is very fortunate in having him on the team. Dundee has had to charge admission to let anyone see "Sy" practice.

Baseball and track are not yet started but it is hoped that Dundee will have strong entries in both sports. In interclass sports the Seniors and Juniors seem to have quite a rivalry. The Seniors won soccer, the only interclass sport completed so far.

In intramurals Spike Hunt won ping-pong and Conrad Ignaszewski won badminton. Mr. Bradley has set up intramural teams on the basis of tests taken by the boys in school. These teams are set up to be as evenly matched as possible. So far these teams have competed in football and basketball.

Sports this year at Dundee have not found Dundee at the top of the league but the spirit and good sportsmanship of the boys competing have been something that will be hard to beat in the years to come.
